ANAEMIC PEOPLE

Need More Iron in the Blood

If you are anemic, you need more iron in your blood, and the tell-tale symptoms are a pale face—colorless lips, ash-colored nails, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.

Mr. W. H. Hodges of Kansas City, Mo., says: "I suffered from the effects of bad blood, was run down, dizzy, had headaches and did not feel like working. I had tried beef, iron and wine, without any help. After taking Vinol four days, I noticed an improvement, and its continued use built up my blood, and my bad feelings disappeared like magic."

The bad effects of poor, deoxygenated blood cannot be overestimated, and it is the peptonate of iron and the true cod liver extracts contained in the Vinol, together with beef peptonate, that enriches the blood, improves the circulation, and in this natural manner builds up health and strength. Try it on our guarantee.

Why Not Get Rid of Eczema?

If your skin itches and burns with eczema or any such tormenting, unsightly skin disease, simply wash the sore places with Resinol Soap and hot water, dry, and apply a little Resinol Ointment. Usually the itching stops *INSTANTLY*, you no longer have to dig and scratch, sleep becomes possible, and healing begins. That is because the soothing, antiseptic Resinol medication arrests the action of the disease, and almost always restores the tortured, inflamed skin to perfect health—quickly, easily, and at little cost. Prescribed by doctors for over 20 years, and sold by every druggist.

What the Right Soap Does for Your Skin

Money cannot buy a purer, more cleansing toilet soap than Resinol Soap. And the healing Resinol medication in it helps to keep the complexion clear, fresh, and beautiful.

"HELLO! GIVE ME SOME FATHER JOHN'S MEDICINE It Keeps Me Healthy"

Read How the Mother of These Children Guards Their Health

The mother of these bright little fellows in a recent letter said: "I am giving Father John's Medicine to my two sons. Our oldest child has been taking it since he was 3 years old. He wasn't very strong but he is better now than ever he was. Father John's Medicine also helped me. I feel better and still take it now and then when I have a cough. I am sending the children's pictures to you so you can see how good they look since we have been giving them Father John's. The oldest is Howard M. Bell, and the baby is Junior O. Bell, 1511 Gillingham St., Frankford, Pa. (Signed) Mrs. John O. Bell, Frankford, Pa. Because it does not contain alcohol or dangerous drugs Father John's Medicine is safe for all the family. It is a pure food medicine which builds new tissue and strength. Give it to the children in the spring."
